NOTE FOR:

25X1

As per our telephone conversation, here is our rough draft of the NIE on Soviet energy. I am not asking for formal agency coordination at this stage. Rather, I would like to use the draft as a basis for substantive discussion at a meeting next Wednesday, 19 October, at 10:00 a.m. I am inviting experts from SOVA and OGI, as well as DIA, and have asked [redacted] to read the draft and participate in the discussion, which means that it will have to be limited to the Secret level, at least that morning. If necessary, we can resume in the afternoon at a higher level of classification.
